

## An Invitation to be a Good Friend

Can any one ever have too many friends? We of the Friends of the Dunstable Free Public Library don't think so and invite you to join the Friends as we support the library in it many activities through the year.

We Friends think Dunstable residents are very lucky to have such a wonderful library in town, housed in a lovely and comfortable facility, staffed by great people, and offering a top notch collection of books, tapes, and videos to appeal to everyone appetites - young readers, busy parents, mystery aficionados, and book on tape lovers. The library is the busiest place in town for good reason.

Friends support the Library in many ways. We sponsor special programs such as the recent Owl Program with Marc and Marcia Wilson and Meet the Candidates Night. Friends purchase local museum passes for family visits. Friends host the annual June book sale. Through the year Friends provide the light refreshments for events, Friends help the Library effort to preserve valuable artifacts and paintings which are part of the town's heritage. Friends sponsored the Dunstable afghan which has been a popular gift with residents old and new.

Why not join with your neighbors in supporting our Library through the Friends? The commitment you make in a few dollars and hours volunteered goes directly back to enhancing our community. Remember, to have a friend, you must be a friend.
